THE POWER OF PARTNERSHIPS: LEVERAGING COLLABORATION

RAIL~VOLUTION, OCT 19, 2011

Mariia Zimmerman
Deputy Director

Office of Sustainable Housing and Communities, HUD

What Is a Sustainable Community?

“Sustainability means tying the quality and location of housing to broader opportunities, like access to good jobs, quality schools, and safe streets. It means helping communities that face common problems start sharing solutions. It means being a partner to sustainable development, not a barrier”.

~ Secretary Shaun Donovan

HUD-DOT-EPA Partnership for Sustainable Communities

June, 2009

Partnership Livability Principles:

1. Provide more transportation choices.
2. Promote equitable, affordable housing.
3. Enhance economic competitiveness.
4. Support existing communities.
5. Coordinate policies and leverage investment.
6. Value communities and neighborhoods.

Partnership for Sustainable Communities: Focus for the Coming Year

Emphasize the connection between sustainable communities and job creation, economic growth, and redevelopment.

Provide communities with faster, more streamlined access to Partnership programs.

Continue to cultivate and support communities adopting and implementing livability principles.

Leverage new partners to make Federal programs work better for communities.

Roles in the Partnership

Housing and Urban Development

- Community Development Block Grants
 - Regional Planning
 - Local Challenge
 - Affordable Housing Programs

Department of Transportation

- TIGER Grants
- FTA Core Programs
- FTA Livability Grants
 - Flex Funding
- FHWA Discretionary Grants
 - United We Ride
- State/Metro Planning
- Intermodal Connectivity

Environmental Protection Agency

- Brownfields Restoration
- Smart Growth Technical Assistance
- Water Infrastructure Funds

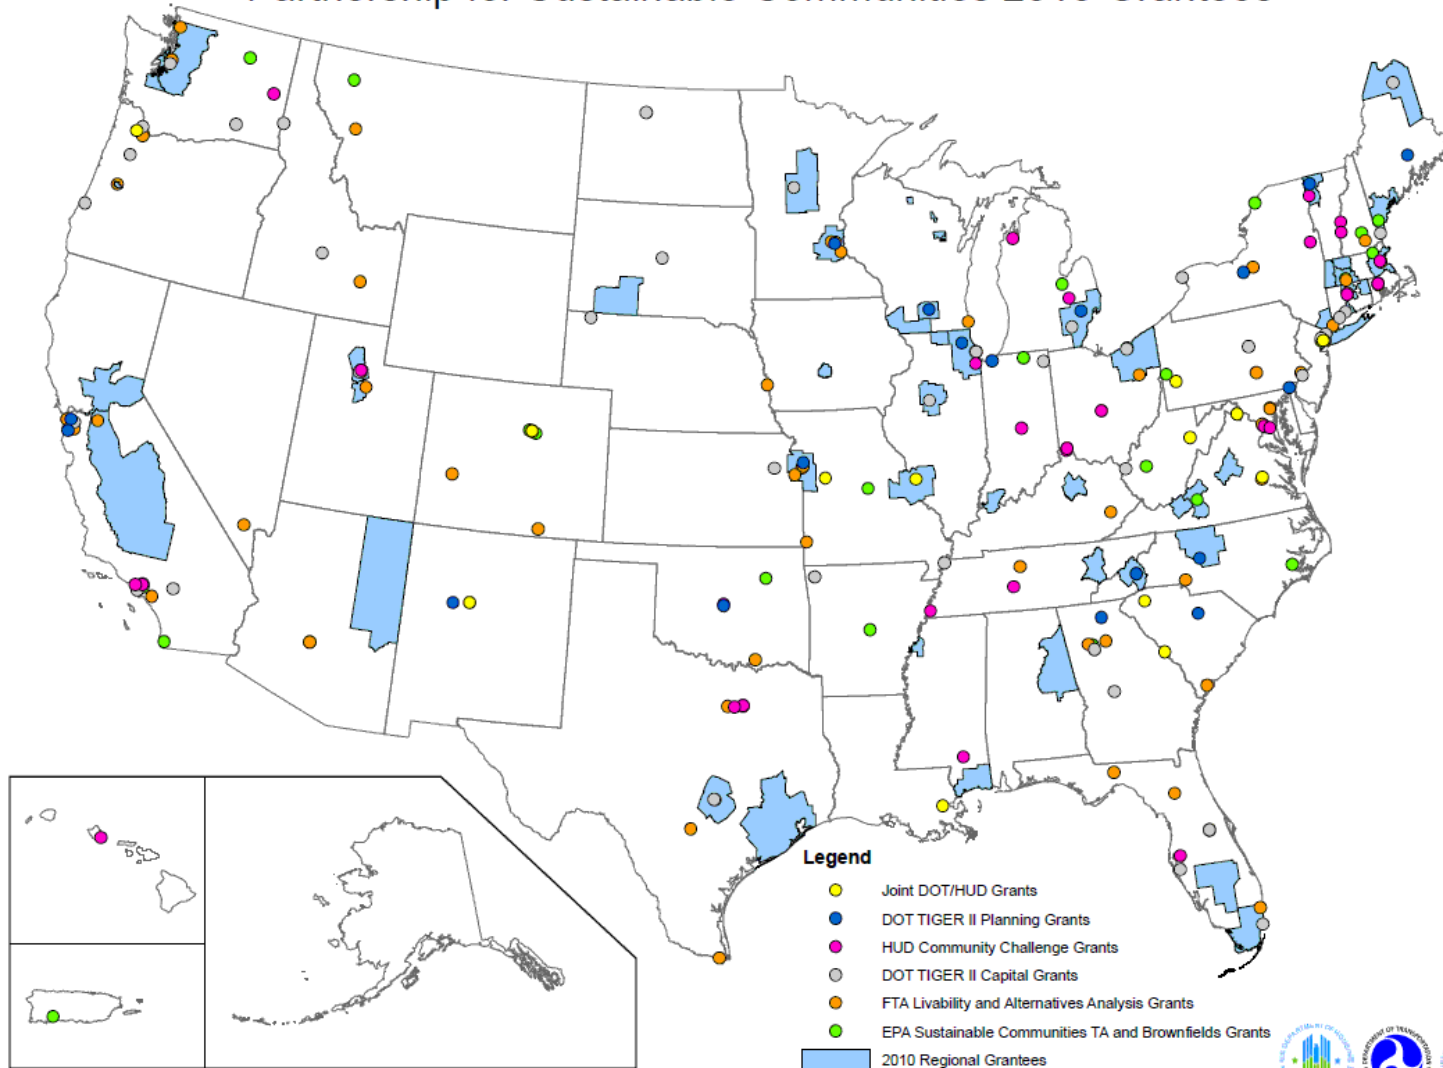

U.S.
Department
of
Agriculture

- Rural Efforts

Partnership for Sustainable Communities 2010 Grantees

Legend

- Joint DOT/HUD Grants
- DOT TIGER II Planning Grants
- HUD Community Challenge Grants
- DOT TIGER II Capital Grants
- FTA Livability and Alternatives Analysis Grants
- EPA Sustainable Communities TA and Brownfields Grants
- 2010 Regional Grantees

Partnership in Action at Office of Sustainable Communities

- Technical assistance to communities
 - Smart Growth Implementation Assistance
 - Greening America's Capitals
- Policy and research
 - New findings on HH energy savings associated with location
- Communications and outreach
 - National Awards; annual conference; free publications

www.epa.gov/smartgrowth

Partnership at Work Across Many Offices at EPA

- Water:
 - Changes in 2010 SRF program guidance to states
 - New Water Infrastructure Sustainability Policy
- OSWER -- new Brownfields Area-Wide Planning Grants
- NEPA – (new) develop guidance on how to incorporate sustainability community impacts into review

The screenshot shows the EPA website's 'Sustainable Infrastructure' page. The header includes the EPA logo and navigation links for 'LEARN THE ISSUES', 'SCIENCE & TECHNOLOGY', 'LAWS & REGULATIONS', and 'ABOUT EPA'. A search bar is visible with the text 'small growth'. The main content area is titled 'Clean Water and Drinking Water Infrastructure Sustainability Policy'. It includes a breadcrumb trail: 'You are here: Water > Water Infrastructure > Sustainable Infrastructure > Clean Water and Drinking Water Infrastructure Sustainability Policy'. The page text states: 'EPA has issued its Clean Water and Drinking Water Infrastructure Sustainability Policy as part of its efforts to promote sustainable infrastructure within the water sector.' It further explains that sustainable infrastructure is a key challenge for the water sector and that the policy aims to ensure federal investments support efficient and sustainable water infrastructure. A sidebar on the left lists various categories like 'Drinking Water', 'Education & Training', 'Grants & Funding', etc. At the bottom, there is a link to download the policy PDF (5 pp, 121 KB).

HUD's Sustainable Communities Initiative

Sustainable Communities Regional Planning Grant Program

- \$100 million in FY2010 (45 regions funded)
- 52% of applications came from regions under 200,000
- \$70 million in FY2011 – *applications under review*
- Funding in FY2012?

◆ Community Challenge Grant Program

- \$40 million in FY2010 + DOT funding (62 communities funded)
- \$1.28 billion in demand for the program
- \$30 million in FY2011 – *applications under review*
- Funding in FY2012?

◆ CHOICE Neighborhoods Program: \$250 million request for FY12

◆ Rural Innovation Fund: \$25 million request for FY12

Transit is a major component in HUD's sustainability grants

- Land acquisition for mixed-income TOD
- Regional transit planning, in coordination with housing and economic development
- Corridor and station area plans
- TOD overlays, building and zoning code updates
- Inclusive public participation
- Diversity of transit types
- Increased mode split among performance goals

DOT Sustainable Communities Across Modes

FTA Urban Circulator

- St. Louis Loop Trolley Project
- Cincinnati Streetcar
- Dallas Heritage Streetcar
- Chicago East-West Transitway BRT
- Charlotte Streetcar

TIGER

- Tucson Modern Streetcar
- Salt Lake City Sugar House Streetcar
- Atlanta Streetcar
- New Orleans UPT Streetcar
- Dallas-Ft Worth Regional Streetcars

Local Partnerships: Boston's Fairmount Corridor

Current Conditions and Proposed redevelopment around the Upham's Corner station

- Commuter rail line passing through 3 low-income neighborhoods
- Partnership investments helping to make the rail line an economic driver for these communities
- Selected as Partnership Brownfields Pilot
- FTA supporting 4 new stations and renovating 2 stations
- EPA funding to clean up 30+ brownfield sites
- EPA technical assistance to Green Jobs Incubator
- HUD funding helping to build 2,000+ new homes

Partnership has never been more important.

- Leverage and align resources, priorities, plans and ideas
- Innovation from new voices and perspectives
- Political and Market-based reality tests
- Multiple benefits with single effort: new fiscal responsibility
- Quality and endurance of partnership and planning effort
