GeoSocial Interactive Map

October 16, 2012

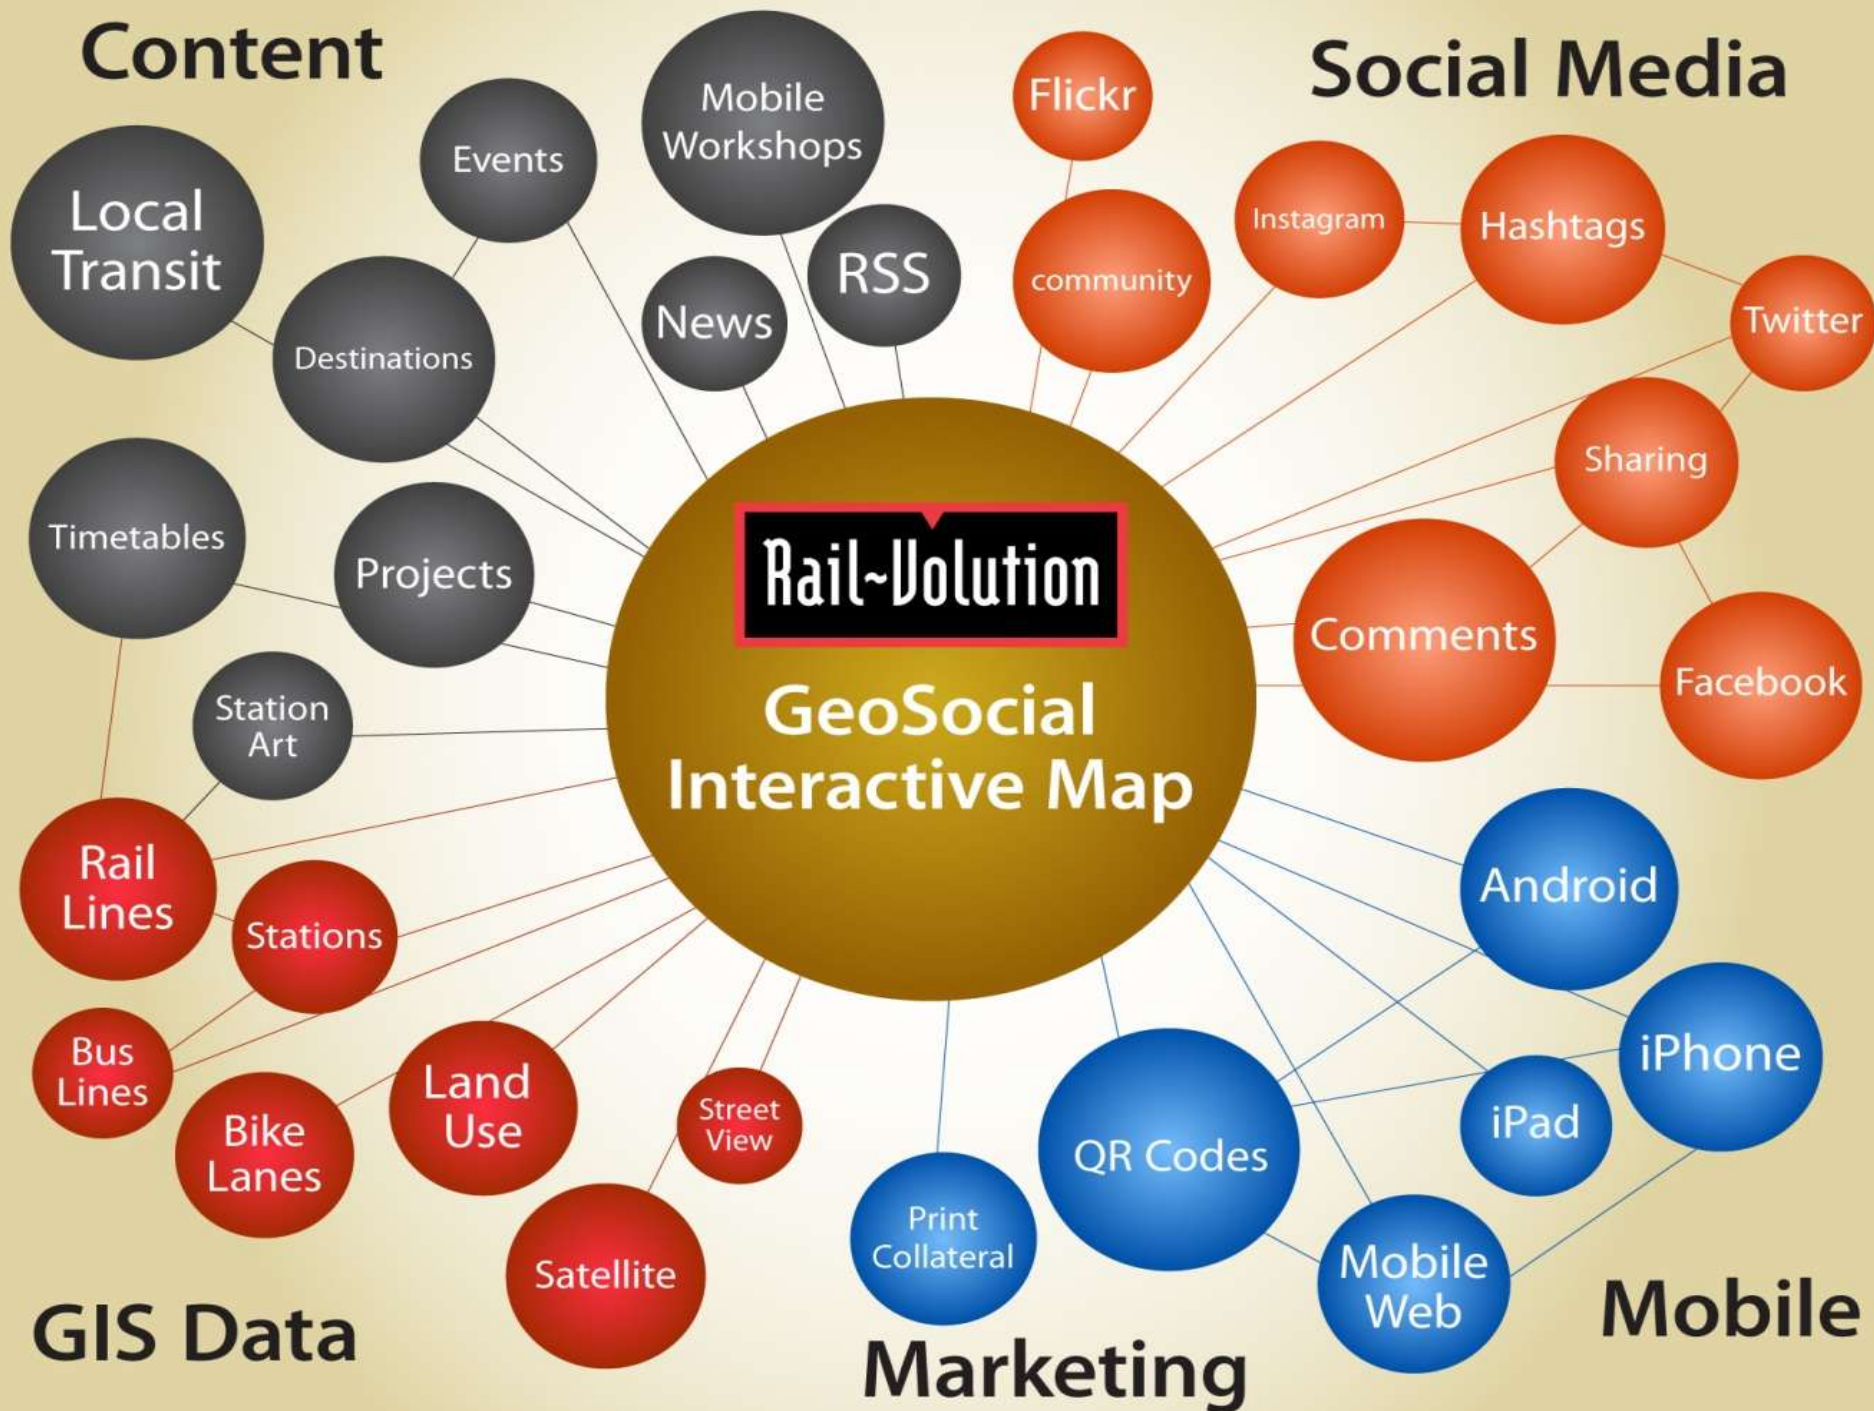

Agenda

- Welcome & Introductions
- Background... the “inspiration”
- Execution...the “perspiration”
- Outcome...benefits and future applications
- Let’s get our app on!

Background

- Story & Overview
- Stakeholder engagement
- Bringing maps to life
- Metro demo projects

The image shows two screenshots from the Metro website. The top screenshot is titled "High Desert Corridor Alternatives" and features a map of the Los Angeles and San Bernardino counties area. The bottom screenshot is titled "Eastside Transit Corridor Phase 2 Build Alternatives" and shows a detailed map of the Eastside Transit Corridor with several alternatives highlighted. A sidebar on the left of the bottom screenshot contains comments from users: SGVEP, Antonio Lowry Edward, Joshua Nelson, and Steven Ly, each with their respective comments and dates.

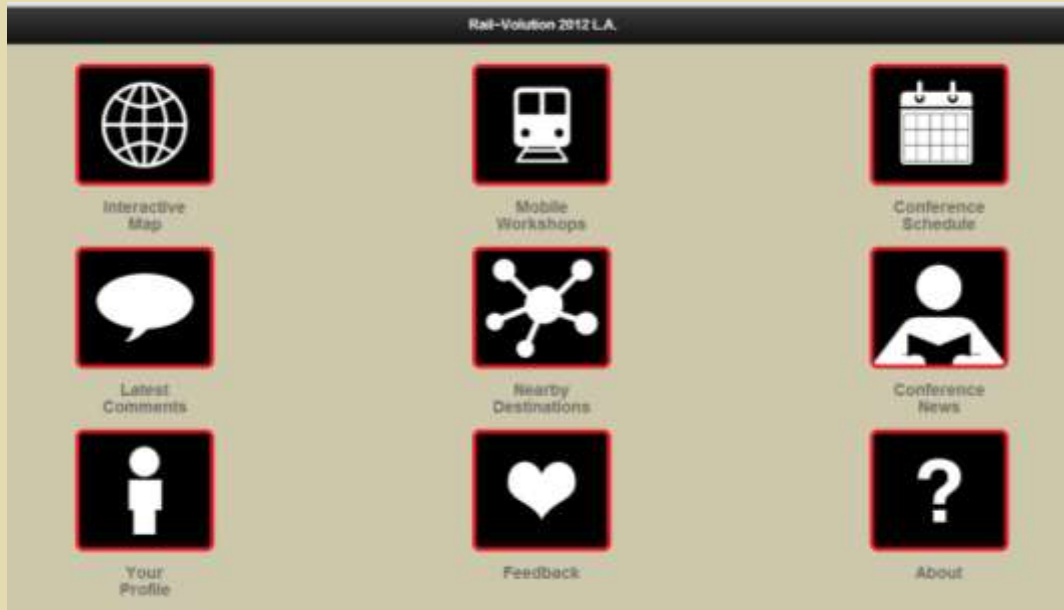

Outcome

- Metro's vision
- Open access to data
- Agency-wide collaboration
- Executive support
- Direct benefits
