Strategic Plan for the New York City Department of Transportation
2008 and Beyond

Making the Nation’s Safest Big City Even Safer

Improving Travel in a Thriving City

World Class Streets for a World Class City

Delivering Outstanding Roadways, Bridges and Ferries

Greening the Department from Top to Bottom

A 21st Century Transportation Department

Customer Service
Some of the Strategic Plan’s Major Goals are:

- Cutting city traffic fatalities by 50% from 2007 levels.
- Implementing bus rapid transit lines and measures to improve bus speeds city-wide.
- Doubling bicycle commuting by 2015.
- Initiating city-wide parking policies to manage curb space to reduce cruising and congestion.
- Adopting complete-street design templates for reconstruction projects.
- Launching a Main Street Initiative to develop people-friendly boulevards in key corridors across the city.
- Delivering better street surfaces through better management of street cuts and sub-surface infrastructure work.
- Maximizing energy efficiency throughout our street lighting and office operations.
- Retaining and attracting the best transportation engineers, planners and managers.
