Planning for Transit-Oriented **Districts**

- **Connect housing with employment centers**
- **Apply Commercial/Mixed-Use zones**
- **Permit small lot & townhome subdivisions**
- **Require minimum densities of different scales**
- **Design Last Mile/Complete Streets connections**
- **Apply quality streetscape/landscape standards**
- **Model activity-based, complete mobility**
- **Reduce parking for mixed-use, transit proximity**
- **Design for character and context, and creativity**
- **Plan for environmental clearance**
- **Create and capture value through regulation & financing**
